IN RE: Application of Professional Movers of)	ORDER EXPANDING
Charleston, LLC for a Class E (Household)	AUTHORITY TO
Goods) Certificate of Public Convenience)	STATEWIDE COVERAGE
and Necessity for Operation of Motor)	
Vehicle Carrier)	

This matter comes before the Public Service Commission of South Carolina (“Commission”) on the motion of Professional Movers of Charleston, LLC to expand its scope of authority to statewide coverage. The Applicant seeks the requested relief without a hearing.

The Commission herein adopts and incorporates by reference the findings of fact and conclusions of law contained in Order No. 2019-745. The sole issue presented in the instant motion is whether the Applicant’s authority should be expanded as requested.

In Order No. 2019-745, issued November 13, 2019, the Commission granted Professional Movers of Charleston, LLC authority to perform household goods moves between points and places in Charleston, Berkeley, and Dorchester Counties. The order further provided that because the Company had published notice in *The State* newspaper in Columbia prior to the hearing, but not in time to allow adequate time for interventions or objections, the Commission would, under the special circumstances presented in this case, entertain a subsequent motion to expand the Company’s authorized service territory to statewide if no timely objections or motions to intervene were received. The Company

requested expansion of its authority on or about February 6, 2020, and no objections or motions to intervene have been received. Therefore, the request is granted, and the Company is authorized to perform household goods moves statewide.

This Order shall remain in full force and effect until further order of the Commission.
